

Exam Name : PGDMM/PGDSCM &L-Logistic & Warehousing Management

Total Questions : 50

Q.1 _____ type of logistics governs the logistic flow of products across countries

Marks: 2

Question ID:
6287673

No	Options Details	Select Option
1	Reverse Logistics	
2	Distribution Logistics	
3	Global logistics	
4	After sales logistics	

Q.2 Order processing comprises of

Marks: 2

Question ID:
6287674

No	Options Details	Select Option
1	Package formation	
2	Packaging	
3	Transportation	
4	Information & Control	

Q.3 _____ is one of the three Decision phases of SCM .

Marks: 2

Question ID:
6287675

No	Options Details	Select Option
1	Warehousing	
2	Logistics	
3	Transportation	
4	Design	

Q.4 SCM connects _____ to customers by providing products & services & information & offering value added services

Marks: 2

Question ID:
6287676

No	Options Details	Select Option
1	Transporters	
2	3 P L	
3	Suppliers	
4	Procurement personnel	

Q.5

_____ is one of the components of transportation

Marks: 2

Question ID:
6287677

No	Options Details	Select Option
1	Design	
2	communication	
3	Information	
4	Infrastructure	

Q.6

_____ plays a vital role in the transport industry

Marks: 2

Question ID:
6287678

No	Options Details	Select Option
1	Cost of owning vehicle	
2	Cost of Wear tear of vehicles	
3	Fuel cost	
4	Man power cost	

Q.7 Consignment notice is issued by

Marks: 2

Question ID:
6287679

No	Options Details	Select Option
1	Supplier	
2	Purchaser	
3	Customer	
4	Carrier	

Q.8 _____ are all used for the accommodation of products as storage places as well as for transport facilities of those products

Marks: 2

Question ID:
6287680

No	Options Details	Select Option
1	Terminal facilities	
2	transporter facilities	
3	Warehouse facilities	
4	Open yard facilities	

Q.9

Use of container for export of goods came in place only after the enactment of _____
Transportation of Goods Act 1993

Marks: 2**Question ID:**
6287681

No	Options Details	Select Option
1	Container	
2	Logistics	
3	warehouse &	
4	Multimodal	

Q.10

_____ represent to

Marks: 2**Question ID:**
6287682

No	Options Details	Select Option
1	Council of container Corporation	
2	Consideration for Customs Corporation	
3	Container Corporation of India Ltd	
4	Container Corporation Ltd.	

Q.11 The logistics chain derives valued services from CONCOR such as Consolidation & reworking of ____ container load

Marks: 2

Question ID:
6287683

No	Options Details	Select Option
1	Less than	
2	Full	
3	more than	
4	bonded	

Q.12 One of the core function of CONCOR is

Marks: 2

Question ID:
6287684

No	Options Details	Select Option
1	to import & export of goods	
2	Import & export of container loads	
3	to work for bringing about a container resolution in India	
4	to work for bringing about a container resolution across the world	

Q.13 The law Customs Act _____ which serves as the approval of the container freight station

Marks: 2

Question ID:
6287685

No	Options Details	Select Option
1	1965	
2	1955	
3	1975	
4	1962	

Q.14 CAPELLA

Marks: 2

Question ID:
6287686

No	Options Details	Select Option
1	Capital Goods Logistics Association	
2	Customs Association for logistics	
3	Container Management Software	
4	Container Manpower Soft ware	

Q.15

Mid Range Dry ports are normally situated at a distance of approximately _____ km
s from Sea port

Marks: 2

Question ID:
6287687

No	Options Details	Select Option
1	200- 500	
2	100-200	
3	500 - 700	
4	700- 900	

Q.16

_____ they act as centres of the multimodal logistics system where in the cargo
containers & customs are being handled

Marks: 2

Question ID:
6287688

No	Options Details	Select Option

2	Labour costs	
3	Overhead costs	
4	Facility costs	

Q.27

_____ system is used in warehouses & distribution centres for sorting materials to particular storage zones & routing them to specific dock doors for the purpose of shipping

Marks: 2**Question ID:**
6287699

No	Options Details	Select Option
1	Motorised roller conveyor system	
2	High Speed Sortation system	
3	Warehouse control systems	
4	Position Equipment system	

Q.28

For _____ requirements, organizations need to undertake a fire risk assessment for warehouse.

Marks: 2**Question ID:**
6287700

No	Options Details	Select Option
1	Illumination	
2	Fire safety	
3	Safe traffic	
4	Design & lay out	

Q.29

Organisations need to consider proper storage of _____ substances such as gas cylinders, aerosols, explosives, flammable liquids.

Marks: 2**Question ID:**
6287701

No	Options Details	Select Option
1	Machinery	
2	Containers	
3	Electrical	
4	Dangerous	

Q.30

For Warehouse floors & Routes safety, warehouse is not to be _____ or uneven to cause fall , slip or trip.

Marks: 2**Question ID:**
6287702

No	Options Details	Select Option
1	Low drainage	
2	Excessive slopes	
3	Slippery	
4	Free from	

Q.31 If the picking route is _____, it results in less wear & tear, and fewer footsteps for employees.

Marks: 2

Question ID:
6287703

No	Options Details	Select Option
1	reduced	
2	minimised	
3	shortened	
4	optimised	

Q.32 One of the advantages of automated picking, that it improves product _____ as products are handled with extreme care by machines.

Marks: 2

Question ID:
6287704

No	Options Details	Select Option
1	Quality	
2	services	
3	safety	
4	security	

Q.33 Among the automated picking system _____ is the one in which, every employee or order picker is assigned a particular zone or area.

Marks: 2

Question ID:
6287705

No	Options Details	Select Option
1	Batch picking & multi order picking	
2	Pallet picking	
3	Automated case picking	
4	ZFS	

Q.34 _____ includes a set of vertical storage bins or baskets that revolve

Marks: 2

Question ID:
6287706

No	Options Details	Select Option
1	Carousal	
2	Stacking frame	
3	AS /RS	
4	Mezzanine	

Q.35 All employees working in the warehouse should be apprised in writing about

Marks: 2

Question ID:
6287707

No	Options Details	Select Option
1	Highly hazardous materials	
2	Risk analysis	
3	Emergency procedure & instructions	
4	Entry permits	

Q.36 Among the 2 main issues upon which an integrated warehouse strategy focuses is

Marks: 2

Question ID:
6287708

No	Options Details	Select Option
1	Height of warehouse	
2	Safety of warehouse	
3	Electrification	
4	Number of warehouses to be used	

Q.37 Do not outsource

Marks: 2

Question ID:
6287709

No	Options Details	Select Option
1	Transactional	
2	Partnership	
3	Decision based on	
4	Core activity	

Q.38 APICS

Marks: 2

Question ID:
6287710

No	Options Details	Select Option
1	All Production & Inventory Control Society	
2	All India Production & Inventory Control Society	
3	American Production & Inventory Control Society	
4	Americam planning & Inventory Control Society	

Q.39

_____ is an indispensable part of Supply Chain Management which requires due investment & planning

Marks: 2**Question ID:**
6287711

No	Options Details	Select Option
1	SCM	
2	Procurement	
3	Logistics	
4	Warehousing	

Q.40

Under Logistics operation, _____ means delivering products to customers on time.

Marks: 2**Question ID:**
6287712

No	Options Details	Select Option
1	SCM	
2	Transportation	
3	Material handling Equipment	
4	Warehousing	

Q.41 The pattern of distribution of different types of goods is a important factor that influences_____.

Marks: 2

Question ID:
6287713

No	Options Details	Select Option
1	Transportation	
2	Logistics	
3	Vehicles	
4	Products	

Q.42 ICD

Marks: 2

Question ID:
6287714

No	Options Details	Select Option
1	International Container Depo	
2	International Cargo Depo	
3	Indian Cargo Depo	
4	Indian Container Depo	

Q.43 All the containers of carrying goods are given Unique _____ numbers & their movements are tracked by the use of computerised systems

Marks: 2

Question ID:
6287715

No	Options Details	Select Option
1	International	
2	Indian	
3	Identification	
4	identical	

Q.44 A huge amount of _____ is required in order to handle containers.

Marks: 2

Question ID:
6287716

No	Options Details	Select Option
1	Investment	
2	inputs	
3	containers	
4	space	

Q.45

In infrastructure of CFS, it is required to provide a separate computer set up for electronic processing of all the important documents & they must be capable enough to be linked to _____.

Marks: 2**Question ID:**
6287717

No	Options Details	Select Option
1	Terminal facilities	
2	EDI	
3	Centre	
4	individual computers	

Q.46

CFS s act as _____ before finally sending out goods to be exported , there are reduced chances of the overall level of empty container

Marks: 2**Question ID:**
6287718

No	Options Details	Select Option
1	checkpoints	
2	centre point	
3	base	
4	virtual	

Q.47 Document which clearly states that the applicants are allowed to set up their infrastructure at CFSs

Marks: 2

Question ID:
6287719

No	Options Details	Select Option
1	CFS	
2	IMC	
3	NOC	
4	LOI	

Q.48 _____ must fit into a complex system where the necessary supporting infrastructure is in place, maintenance is assured, & the legislative, regulatory, & institutional systems are properly designed to optimize the involvement of both the public & the private sector.

Marks: 2

Question ID:
